

# Ripe Nursery School Chronicle

13.5.16

## Last week...

We have made the most of the beautiful weather and have been outside for large parts of the day this week. The Little Class explored pouring and texture with the wet and dry sand and the water tray. Miss Julie and Miss Mel have been impressed with how the children's sharing skills are developing! The Big Class worked on turning the results of their traffic survey into giant graphs—on display next week! The children worked on the concepts of 'most' and 'least' in relation to quantity, and have also been working on talking about the features of 3D or 'solid' shapes. Outside, a 'road' role play has been developing in relation to our transport and vehicles work. We've had a car wash, garage and road signs and have been working on road safety.

## Next week...

The Big Class will continue to talk about 3D shapes and will be spotting them in the environment. Maybe they can spot some at home too! Our 'road' role play will continue and we will be creating vehicles and engines indoors this week too. The Little Class will be singing nursery rhymes and number songs and moving to music.

## Opportunity for older brothers and sisters...

VILLAGES  
*Music Festival*  
Opera  
Workshop  
for children  
Saturday 2<sup>nd</sup> July  
Laughton Village Hall  
11am - 5pm
